

## Request for Use of Non-Organic Seeds, Propagation Materials or Seedlings

إذن استخدام بذور أو تقاوي أو شتلات غير عضوية

“Use one sheet for each material”

### General Information:

Farm Operator / Group of operators (Responsible) Name & Signature:	
Farm Name & Code / Group of operators Name & Code:	
Country	
Agriculture Season	

### Technical Information:

Crop (Scientific Name & Common name):	
Crop Variety	
Supplier ( address & website)	
Seeds are not chemically treated (dressed)	<input type="checkbox"/> Yes * <input type="checkbox"/> No “ In case of yes please state the type of treatment”
Type of Treatment:	
Seeds are not genetically modified	<input type="checkbox"/> Yes * <input type="checkbox"/> No
Quantity Needed (Kg)	
Surface plant to be sown (fed.)	
Sowing month	
Reason for using non-organic seed:	<input type="checkbox"/> Organic or in conversion seeds are not available in the country <input type="checkbox"/> No supplier is able to deliver the seeds before sowing, although it was ordered in time
Is seed imported from EU member states?	<input type="checkbox"/> Yes * <input type="checkbox"/> No “ In case of yes please state the reason”
Reason	<input type="checkbox"/> The desired organic variety is not registered in organicXseeds <a href="https://www.organicxseeds.com/international/countryselect">https://www.organicxseeds.com/international/countryselect</a> <input type="checkbox"/> None of the registered alternatives of the same species are appropriate
Attachments:	<input type="checkbox"/> Declaration of state ministry or local authorities stating non-availability of organic/ in conversion seeds/ vegetative propagating material . <input type="checkbox"/> 3 declarations of seed suppliers stating non-availability of organic/ in conversion seeds/ vegetative propagating material . <input type="checkbox"/> 3 confirmations of seed suppliers that seed can not be delivered before sowing. <input type="checkbox"/> Non-treatment declaration by seed/ vegetative propagating material supplier. <input type="checkbox"/> Vendor Declaration non-GMO, filled and signed by seed supplier.

**Please read carefully:**

1. Seeds/ vegetative propagating material must not be treated with substances not allowed according to the organic standards. Please submit a declaration by the supplier, confirming that the seeds/ vegetative propagating material have not been treated.
2. Seeds must not be genetically modified. The following seeds need a non-GMO confirmation from the supplier: soya, flax, corn, rapeseed, rice, canola. Please use the form to be found on the website of EGYCERT: [www.egy-cert.com](http://www.egy-cert.com), Non-GMO Vendor Declaration.
3. Either declaration of non-availability of organic/ in conversion seeds/ vegetative propagating material of the desired crop/ variety of at least 3 major suppliers in the country need to be attached; or a declaration either by the state ministry or local authorities about unavailability of organic seeds. Alternatively, confirmation of 3 suppliers that organic/ in conversion seeds/ vegetative propagating material cannot be delivered in time need to be attached.
4. If you plan to treat the seeds/ vegetative propagating material with allowed inputs in your operation, the treatment must not be done before the treating agent is approved. Please use the form on EGYCERT website “[www.egy-cert.com](http://www.egy-cert.com), Request for Use of Non-Organic Seeds, Propagation Materials or Seedlings”

### Chief Inspector Decision :

Request Approved

Request Not Approved\*

Explanation why request is refused:

.....  
 .....  
 .....

Signature : .....

Date: .....

Stamp:

\* This Decision may be appealed to EGYCERT within 15 days.
